Subject: Expended funds for ongoing removals

Mike and Joni,

This is the list of sites. I know there are quite a few but some (especially in the Assessments category) have been ongoing for a number of years and are not monitored because they are not yet removals. I would appreciate whatever you can give me quickly for the "Fund-Lead CERCLA Removals" and "On-going/Anticipated CERCLA Removals" categories. If you have anything for "Removal Assessments," I will take that as well but my need is not as urgent. Thanks,
